Computer Science Major Graduation Plan

INSTRUCTIONS

- Download the [Computer Science Major Degree Requirements](#) sheet and [Sample Graduation Plan](#)
- Review your [unofficial transcript](#). Confirm that your academic history is accurate, including courses taken at Maryland and all other institutions as well as prior learning credits.
- Begin filling out the graduation plan. Include courses you have previously taken, are currently registered for, and plan to enroll in.
- If the course is a GenEd, specify which requirement(s) the course satisfies (e.g. DSHU and DVUP). Then complete the GenEd section on page 2.
- Familiarize yourself on the Computer Science benchmarks on page 2. Check off which benchmarks you have completed.
- Save your graduation plan as a PDF and submit it to your advisor. Your advisor may ask you to make revisions, which you must address in order to complete your graduation plan.

NOTES

- All students must take 12 credits of 300- and 400-level coursework outside of the major to satisfy the Upper-Level Concentration area.
- Students, regardless of specialization, are required to fulfill their computer science upper level course requirements from at least 3 areas.

YEAR 1	FALL _____			SPRING _____			JANUARY _____		
	Course	GenEd	Cr	Course	GenEd	Cr	Course	GenEd	Cr
	CMSC140	FSMA FSAR	4	MATH141		4

Computer Science Major Graduation Plan

BENCHMARKS

Benchmark 1 Requirements:

- ☐ CMSC131 or CMSC133
- ☐ CMSC132
- ☐ MATH140
- ☐ A minimum grade point average of 2.0 in all courses taken at UMD
- ☐ A minimum of 45 credits taken at UMD

Notes:

-Students must receive a grade of C- in all coursework.
Not checked. CMSC131 and MATH140 are in progress this fall. CMSC132 is planned for Spring 2027, which is the 45-credit review term.

Benchmark 2 Requirements:

- ☐ CMSC330 and CMSC351
- ☐ STAT4XX or MATH/AMSC/STAT course (w/ MATH141 prerequisite)
- ☐ A minimum grade point average of 2.0 in all courses taken at UMD
- ☐ A minimum of 75 credits taken at UMD

Notes:

-Students must receive a grade of C- in all coursework.
Not checked. STAT400 is Fall 2027. CMSC330 and CMSC351 are Spring 2028, the term credits cross 75.

STUDENT NOTES/QUESTIONS FOR ADVISOR

- Anticipated graduation date (e.g. Spring 2022): Fall 2029
- Upper Level Concentration (e.g. Math, Stat, Business):
Statistics
- Specialization?
 - X ■ General
 - Cybersecurity
 - Data Science
 - Machine Learning

Draft 09/26/2026. UID was not on the transcript. General track. ULC is Statistics: STAT401, 422, 430, 440. STAT400 is the separate major STAT4xx. MATH240 is the second math course. Areas: 414 (1), 420 and 421 (2), 435 (3, after 420), 451 (4). Electives: CMSC320 and CMSC425. Prior 24 credits are on page 3. HIST201 is DSHS + DVIUP. World Culture is DSHS. FMSC123 (DSXX) is elective until an advisor recodes it. AREC280 means any DSSP + SCIS course. Questions are on page 3.

GEN ED		COURSE	SEMESTER COMPLETED OR TO BE COMPLETED (e.g. Fall 2020)
Fundamental Studies (FS)	Academic Writing (AW)	CCC College Writing	Prior (CCC)
	Professional Writing (PW)	ENGL393	Spring 2028
	Mathematics (MA)	COMM107	Spring 2027
	Oral Communication (OC)	MATH140	Fall 2026
	Analytic Reasoning (AR)	MATH140	Fall 2026
Distributive Studies (DS) Two courses must be I-Series	Natural Science w/ Lab (NL)	AOSC200 + AOSC201	Spring 2027
	Natural Science (NS or NL)	ASTR100	Fall 2027
	History & Social Science (HS)	AP U.S. Government	Prior (AP)
	History & Social Science (HS)	CCC World Culture	Prior (CCC)
	Humanities (HU)	CCC Writ. about Lit.	Prior (CCC)
	Humanities (HU)	HIST201 (APUSH)	Prior (AP)
	Scholarship in Practice (SP)	FIRE120	Fall 2026
	Scholarship in Practice (SP)	AREC280	Spring 2028
I-Series (IS)	I-Series (IS)	AOSC200	Spring 2027
	I-Series (IS)	AREC280	Spring 2028
Diversity (DV)	Understanding Plural Societies (UP)	HIST201 (APUSH)	Prior (AP)
	Cultural Competency (CC or UP)	AAAS100	Fall 2026

Martin Shijo · Computer Science B.S. · Graduation plan attachment

Draft 09/26/2026. This is a plan, not an official degree audit. Every major course needs a C- or better.

Choices used to fill the form (please correct any of these)

- General track. No specialization is declared. The form lists General, Cybersecurity, Data Science, and Machine Learning.
- Upper-level concentration: Statistics, 12 credits · STAT401, STAT422, STAT430, and STAT440. None is cross-listed as CMSC.
- Second math course: MATH240 Linear Algebra (4). This also leaves Data Science, Machine Learning, and Quantum Information open.
- Graduation: Fall 2029, 120 credits. Spring 2030 is blank. Finishing in Spring 2030 means shifting courses later.
- HIST201 (AP U.S. History) is used as Humanities (DSHU) plus DVUP. It is not also used as History/Social Science.
- World Culture from Carroll is the second History/Social Science course. AP U.S. Government is the first.
- AAAS100 is the second Diversity course (DVUP). Two History/Social Science courses are already complete without it.
- FMSC123 Personal Finance posted as DSXX. Counted as elective credit until an advisor assigns a GenEd category.
- AREC280 is a placeholder for any 3-credit course that is both Scholarship in Practice (DSSP) and Big Question (SCIS).
- AOSC200 + AOSC201 are the lab science and one Big Question course. ASTR100 is the non-lab natural science.
- The 1-credit course in Spring 2029 is a free elective (a STIC is fine). It is not part of the 6-credit CMSC elective.

Questions

- Which track do you want: General, Cybersecurity, Data Science, Machine Learning, or Quantum Information?
- What upper-level concentration do you want? Statistics is filled in. Math, business, psychology, and others are possible.
- Do you want to finish in Fall 2029, or stay through Spring 2030?
- What is your UID? It was not printed on the unofficial transcript.
- Is using HIST201 as Humanities, and World Culture as History/Social Science, what you want?
- Are AOSC (weather, with the lab) and ASTR100 acceptable sciences, or do you want biology, chemistry, or physics?
- Fall 2026 is already 14 credits: CMSC131, MATH140, AAAS100, and FIRE120. Should any of those change?
- Carroll intro programming did not equate to CMSC131, and you are already registered for it. Leave that as is?

Why this order

- CMSC250 and CMSC216 both require a finished MATH141, so they are Fall 2027, not beside Calculus II.
- CMSC330 and CMSC351 both require CMSC216 and CMSC250. The earliest term is Spring 2028, which is also the 75-credit term.
- CMSC132 is Spring 2027, so CMSC131, CMSC132, and MATH140 are done by the 45-credit review.
- ENGL393 is Spring 2028, the first term that starts after 60 completed credits. You begin that term at 67 credits.
- CMSC435 needs one of CMSC412, 417, 420, 430, or 433 first. CMSC420 in Fall 2028 clears it for Fall 2029.
- STAT430 needs STAT401 finished or taken together. STAT401 is Spring 2028, so STAT430 is Spring 2029.
- Five area courses cover four areas, and no area is used more than twice. CMSC320 and CMSC425 are the 6 elective credits.
- CMSC425 (games) and CMSC435 (software engineering) are both project courses, so they are in different terms.
- Credits: 24 prior + 14 + 15 + 14 + 15 + 13 + 13 + 12 = 120. Each Maryland term is at least 12 credits.

Benchmarks are unchecked because no Maryland grade is posted yet. Carroll grades on the transcript are all A. Department sample plans exclude AP/IB credit from the 45- and 75-credit counts. Either way, the gateway courses finish in the term you cross the threshold. Confirm that count with your advisor.

Prior credit, 24 credits (not drawn in the semester grid)

- AP U.S. Government, score 3 · 3 cr · DSHS.
- AP Seminar, score 3 · 3 cr · elective (L1). Not a GenEd.
- AP U.S. History, score 4 · HIST201 · 3 cr · used here as DSHU and DVUP.
- Carroll Personal Finance · FMSC123 · 3 cr · DSXX. Elective until an advisor recodes it.
- Carroll World Culture, 1200 to present · 3 cr · used here as DSHS.
- Carroll Intro OOP · 3 cr · elective (L1), footnote 99. Does not replace CMSC131.
- Carroll College Writing · 3 cr · FSAW. English fundamental studies shows as Transfer.
- Carroll Writing about Literature · 3 cr · DSHU.
