

Computer Science Major Graduation Plan

INSTRUCTIONS

1. Download the [Computer Science Major Degree Requirements](#) sheet and [Sample Graduation Plan](#)

2. Review your [unofficial transcript](#). Confirm that your academic history is accurate, including courses taken at Maryland and all other institutions as well as prior learning credits.

3. Begin filling out the graduation plan. Include courses you have previously taken, are currently registered for, and plan to enroll in.

4. If the course is a GenEd, specify which requirement(s) the course satisfies (e.g. DSHU and DVUP). Then complete the GenEd section on page 2.

5. Familiarize yourself on the Computer Science benchmarks on page 2. Check off which benchmarks you have completed.

6. Save your graduation plan as a PDF and submit it to your advisor. Your advisor may ask you to make revisions, which you must address in order to complete your graduation plan.

NOTES

- All students must take 12 credits of 300- and 400-level coursework outside of the major to satisfy the Upper-Level Concentration area.
- Students, regardless of specialization, are required to fulfill their computer science upper level course requirements from at least 3 areas.

Updated from the degree audit of 09/27/2026. Graduation Spring 2030. 120 credits. C- or better in every major course.

FIRE sequence

- Semester 1, Fall 2026: FIRE120 (3 credits, DSSP). Already registered.
- Semester 2, Spring 2027: FIRE198 (2 credits). This is the second semester. Spring 2026 is already past.
- Semester 3, Fall 2027: FIRE298 (3 credits, DSSP). Prerequisite is FIRE198.
- FIRE120 and FIRE298 satisfy both Scholarship in Practice courses, and both are outside the major.

What the audit changed

- FMSC123 Personal Finance is matched as Natural Science (DSNS). ASTR100 is no longer in the plan. The lab science is still required: AOSC200 + AOSC201 in Fall 2028.
- World Culture is matched as Humanities (DSHU), with HIST201. AAAS100 is the second History and Social Science course, with AP U.S. Government.
- Carroll Writing about Literature is extra Humanities credit. The two Humanities slots are already filled.
- Big Question courses are AOSC200 and AREC280. AREC280 can be any 3-credit Big Question course. Ask the advisor to count it toward the eight distributive courses.

Credits

- $24 \text{ prior} + 14 + 13 + 14 + 12 + 14 + 12 + 12 + 5 = 120$.
