Computer Science Major Graduation Plan

INSTRUCTIONS

- Download the [Computer Science Major Degree Requirements](#) sheet and [Sample Graduation Plan](#)
- Review your [unofficial transcript](#). Confirm that your academic history is accurate, including courses taken at Maryland and all other institutions as well as prior learning credits.
- Begin filling out the graduation plan. Include courses you have previously taken, are currently registered for, and plan to enroll in.
- If the course is a GenEd, specify which requirement(s) the course satisfies (e.g. DSHU and DVUP). Then complete the GenEd section on page 2.
- Familiarize yourself on the Computer Science benchmarks on page 2. Check off which benchmarks you have completed.
- Save your graduation plan as a PDF and submit it to your advisor. Your advisor may ask you to make revisions, which you must address in order to complete your graduation plan.

NOTES

- All students must take 12 credits of 300- and 400-level coursework outside of the major to satisfy the Upper-Level Concentration area.
- Students, regardless of specialization, are required to fulfill their computer science upper level course requirements from at least 3 areas.

YEAR 1	FALL _____			SPRING _____			JANUARY _____		
	Course	GenEd	Cr	Course	GenEd	Cr	Course	GenEd	Cr
	CMSC300		4	CMSC300		4			
	MATH140	FSMA FSAR	4	MATH141		4			
	AAAS100	DSHS DVUP	3	COMM107	FSOC	3

Computer Science Major Graduation Plan

BENCHMARKS

Benchmark 1 Requirements:

- ☐ CMSC131 or CMSC133
- ☐ CMSC132
- ☐ MATH140
- ☐ A minimum grade point average of 2.0 in all courses taken at UMD
- ☐ A minimum of 45 credits taken at UMD

Notes:

-Students must receive a grade of C- in all coursework.
Not checked. CMSC131 and MATH140 are in progress this fall. CMSC132 is planned for Spring 2027, which is the 45-credit review term.

Benchmark 2 Requirements:

- ☐ CMSC330 and CMSC351
- ☐ STAT4XX or MATH/AMSC/STAT course (w/ MATH141 prerequisite)
- ☐ A minimum grade point average of 2.0 in all courses taken at UMD
- ☐ A minimum of 75 credits taken at UMD

Notes:

-Students must receive a grade of C- in all coursework.
Not checked. STAT400 is Fall 2027. CMSC330 and CMSC351 are Spring 2028, the term credits cross 75.

STUDENT NOTES/QUESTIONS FOR ADVISOR

- Anticipated graduation date (e.g. Spring 2022): Spring 2030
- Upper Level Concentration (e.g. Math, Stat, Business):
Statistics
- Specialization?
 - ☒ General
 - ☐ Cybersecurity
 - ☐ Data Science
 - ☐ Machine Learning

General track, confirmed. At most two CMSC courses in any term. Fall 2028 is MATH240, CMSC414, CMSC420, and STAT422. CMSC320 moved to Spring 2029. CMSC435 is alone in Spring 2030. ULC is still Statistics: STAT401, 422, 430, 440. Fall 2029 is 10 credits and Spring 2030 is 3. Add electives there if you must stay full-time. Details on page 3.

GEN ED		COURSE	SEMESTER COMPLETED OR TO BE COMPLETED (e.g. Fall 2020)
Fundamental Studies (FS)	Academic Writing (AW)	CCC College Writing	Prior (CCC)
	Professional Writing (PW)	ENGL393	Spring 2028
	Mathematics (MA)	COMM107	Spring 2027
	Oral Communication (OC)	MATH140	Fall 2026
	Analytic Reasoning (AR)	MATH140	Fall 2026
Distributive Studies (DS) Two courses must be I-Series	Natural Science w/ Lab (NL)	AOSC200 + AOSC201	Spring 2027
	Natural Science (NS or NL)	ASTR100	Fall 2027
	History & Social Science (HS)	AP U.S. Government	Prior (AP)
	History & Social Science (HS)	CCC World Culture	Prior (CCC)
	Humanities (HU)	CCC Writ. about Lit.	Prior (CCC)
	Humanities (HU)	HIST201 (APUSH)	Prior (AP)
	Scholarship in Practice (SP)	FIRE120	Fall 2026
	Scholarship in Practice (SP)	AREC280	Spring 2028
I-Series (IS)	I-Series (IS)	AOSC200	Spring 2027
	I-Series (IS)	AREC280	Spring 2028
Diversity (DV)	Understanding Plural Societies (UP)	HIST201 (APUSH)	Prior (AP)
	Cultural Competency (CC or UP)	AAAS100	Fall 2026

Martin Shijo · Computer Science B.S. · Graduation plan attachment

Revised after review. General track. At most two CMSC courses in a term. Every major course needs a C- or better.

What changed

- General track is confirmed.
- Fall 2028 no longer has three CMSC courses. It is MATH240, CMSC414, CMSC420, and STAT422 (13 credits, two CMSC).
- CMSC320 moved to Spring 2029, next to CMSC421. That term is two CMSC courses plus STAT430 and one free elective (12 credits).
- Fall 2029 is CMSC451, CMSC425, and STAT440, plus a 1-credit elective (10 credits, two CMSC).
- CMSC435 is the only course in Spring 2030 (3 credits). It is a project course, and it needs CMSC420 first, which is done in Fall 2028.
- Graduation moved from Fall 2029 to Spring 2030. Seven upper-level CMSC courses cannot fit in three terms at two courses per term.
- 216 with 250, and 330 with 351, stay paired. Those are two-course terms, and they match the department sample plan.

Still assumed until you say otherwise

- Upper-level concentration stays Statistics: STAT401, STAT422, STAT430, STAT440. STAT400 is the separate major statistics course.
- MATH240 is still the second math course.
- HIST201 is DSHU + DVUP. World Culture is DSHS. FMSC123 (DSXX) is elective until an advisor recodes it.
- AREC280 stands for any 3-credit DSSP + SCIS course. AOSC200 + AOSC201 are the lab science. ASTR100 is the non-lab science.
- The 1-credit course in Fall 2029 is a free elective, such as a STIC. It is not part of the 6-credit CMSC elective. CMSC320 and CMSC425 are those 6 credits.
- Areas: CMSC414 (Systems), CMSC420 and CMSC421 (Information Processing), CMSC435 (Software Engineering), CMSC451 (Theory).

Credits

- $24 \text{ prior} + 14 + 15 + 14 + 15 + 13 + 12 + 10 + 3 = 120$.
- Fall 2029 (10 credits) and Spring 2030 (3 credits) are under the usual 12-credit full-time load. Add any electives there if financial aid, housing, or a visa requires 12.

Still open

- Is Statistics the upper-level concentration you want, or a different field?
- Do you need every term to be at least 12 credits?
- What is your UID? It was not on the unofficial transcript.
- Keep HIST201 as Humanities and World Culture as History and Social Science?
- Are AOSC with the lab, and ASTR100, the sciences you want?
- Fall 2026 stays CMSC131, MATH140, AAAS100, and FIRE120?
